We Are What We Teach: Learn From the Best in the Business

What We Do

Fast Lane is a world class IT training center that strives to provide high quality training and consulting in advanced and most up-to-date technology in Middle East and Africa.

Fast Lane takes pride in its impressive background with an absolute educational competency, unrivaled expertise and great customer service and guaranteed customer satisfaction.

Along with these, Fast Lane provides high-quality, hands-on but flexible training sessions with industry-respected and certified instructors using state-of-the-art remote and local labs.

Our Quality Assurance

Our comprehensive course evaluation procedures allow you access to the latest information available, delivered with the most rigorous quality standards. All of our instructors have professional experience and excellent teaching skills, which ensures you will have the optimal training experience.

Our Expertise

Fast Lane has the ability to offer specialized insight, skills, and realworld experience in the areas of virtualization, data center, storage, voice, business video, unified communications, security, wireless, and optical technologies. Fast Lane delivers training and consulting services in the whole MEA region. Let our experts help you become an expert too.

Access to an Unrivaled Lab Infrastructure

You will enjoy the use of state-of-the art hands-on labs for all areas of high-end technologies. These labs provide a real-world experience that raises the bar for training quality. Our labs are used to support all modalities of learning: classroom, virtual and self-paced.

Authorized Training Partner of Cisco

Fast Lane delivers authorized Cisco training programs. Our instructors are certified specialists with extensive data center, storage, networking and virtualization experience. Fast Lane is one of the fastest-growing Cisco Learning Partner in Data Center Architecture and it is authorized to deliver training in all three of Cisco's geographic theaters. As Cisco Business Learning Partner (BLP), Fast Lane is especially qualified and equipped to develop, customize and deliver state-of-the-art business transformation and sales courses.

Our Partners

Fast Lane partners with some of the best training companies, including the worldwide IT training provider Fast Lane and the Institute for Networking and Data Center Technologies (INDC), to bring you cutting-edge vendor independent training for different technologies.

Our Aim

Fast Lane provides quality training programs on advanced and emerging technologies like FlexPod and Cloud Computing. Fast Lane can help you stay on top of the needs of your company's IT environment.

Our Promise

Training with Fast Lane means you are learning from the best in the business. Fast Lane offers complete authorized training and consulting solutions for Cisco and a full curriculum of Fast Lane-developed courses. Fast Lane is uniquely positioned to offer data center, cloud and virtualization courses that address your IT challenges.
