

AWS Jam - Advanced Architecting (AWSAA-JAM)

ID AW-AWSAA-JAM Price on request Duration 1 day

Course Overview

The Advanced Architecting on AWS Jam is a gamified event, with teams competing to score points by completing a series of challenges according to established best practices based on concepts covered in the course. You get to experience a wide range of AWS services in a series of real-world scenarios that represent common operational and troubleshooting tasks.

The end result is developing, enhancing, and validating your skillsets in the AWS Cloud through real-world problem solving, exploring new services, features, and understanding how they interoperate.

Who should attend

This one-day event is aimed at learners with existing Advanced AWS Cloud Architecture experience or who have ideally attended the [Advanced Architecting on AWS \(AWSAA\)](#) course.

Prerequisites

Learners should have previously attended [Advanced Architecting on AWS \(AWSAA\)](#) or have equivalent experience with AWS Cloud Services.

Course Objectives

- Participate in team-based challenges in a real AWS environment
- Compete with your colleagues in a gamified, hands-on learning experience
- Apply your learning from the course on various AWS services
